

Buggy Storage

The General Committee has on its agenda to explore the need for Cart and Buggy Storage at the club. At present some people have elected to leave their equipment in the space at the rear of the Machinery shed.

At times the amount of golfing equipment in that space is at saturation and it has recently been compounded with surplus equipment being left in the limited space.

The Committee requests as a matter of urgency that equipment left in the storage area that is not wanted be removed. The obvious surplus equipment will shortly be inspected and some sets of clubs and bags may be kept for loan to new golfers or visitors. The rest, if not claimed, will be removed.

If you are interested in using a storage area at the club, please talk to any committee member so we can gain an idea as to the interest and necessity to expend funds on such a project.

Please also bear in mind that equipment left in the storage area is not covered by club insurance.

Trivia Night

The Trivia Night scheduled for September 16th. has been cancelled and will be rescheduled. Current indications are that the present Covid wave will peak in Tasmania around the middle of September so the committee agreed to the suggestions to move the night to later in the year as a safety precaution. Advice about the new date will be determined so that people have as much warning as possible.

Appointment of Club Auditor

At the AGM in May audited accounts for the club which includes the Ladies group and the Veterans was tabled in an incomplete form. The Auditors were not able to provide an approved audit due to some necessary information not being made available to them in time.

Some variation in how information was made available to the auditors was also evident and that made a detailed audit at the time impossible.

The material that was provided to the auditors met all relevant criteria so the accounts that were presented at the AGM were correct but not complete.

As it is required at an AGM, the members present vote on a motion to appoint an auditor for the club for the following year. That motion was put and defeated on the voices. That decision was very reasonable at the AGM in light of the confusion and information available.

The General Committee had to address the matter at the very first meeting of the new financial year and is empowered under the club constitution to make a determination concerning an auditor for the club.

The new Treasurer sought clarification from the auditors and was quickly acquainted with the reasons for not being able to sign off on the material provided. Once the missing information was made available the accountants were able to sign off and the problem was solved.

The General Committee determined that as the confusion and uncertainty surrounding the accounts at the AGM was solely of our doing and not the fault of the Auditor there was no reason not to officially reappoint the Auditors Willing and Associates. It should be noted that Willing and Associates have been the club auditors since the inception of the club.

As indicated at the AGM a signed copy the club accounts is available to any member upon request.

It should also be noted the Club accounts are now in an electronic form and the ladies and veterans accounts will be included in an electronic form when data is provided to the auditors in the future. The issue we had to deal with at this year's AGM will therefore not apply in the future.

Plovers

Just a reminder that the breeding season for the resident Plover population has commenced. The work crew identify nesting sites and mark them and mow around the nests. It is a fact of life however that these birds can be a little aggressive at times, so please bear with them.

Local Rules

Tree Root Relief

If a ball lies against or within a scorecard length of a tree root, a player, with permission from the players marker, may take free relief at the NEAREST POINT within (1) CLUB LENGTH - no nearer the hole.

Hole 6/15

If a players tee shot on the 6th or 15th goes in either lake, the player must either play 3rd shot from “drop zone” or play 3rd shot from the tee. Should a players 3rd shot go into the water their 5th shot would be played from point of entry.

The local rules are displayed on the outside noticeboard.

From Behind the Bar

Hello to all from behind the bar. I thought I'd take the opportunity to run the occasional segment in the newsletter to keep everyone updated of what's new behind the bar.

Some may have noticed that we are now carrying a selection of balls, gloves, and ball markers, with a variety of tees to be available in the coming months. Balls are priced at \$4.50 each or a sleeve of three for \$12, with gloves starting at \$15. Ball markers range from \$2 for a pack, \$5 for the magnetic ones, plain or with logo, and \$10 for the hat clip and marker with logo.

Rodger kindly organised a selection of bar accessories engraved with our logo for us to sell, including a leather key ring/bottle opener for \$10, leather stubby holders, available in brown or black for \$15, engraved glass beer mugs, available in three sizes starting from \$15, and a stainless steel bottle opener for \$15.

Speaking of Rodger, I would like to extend my personal thanks to him for all his assistance in helping with my transition into the roles of Bar Manager and Treasurer. A quick thank you to Irene, Jill and Phil for helping to implement a few changes, and of course to all members for your patience and understanding whilst I settle in. Katrina
